POSTMUS TO APPEAR IN NEEDLES TOMORROW

Supervisor to Increase Presence in Community

NEEDLES – San Bernardino County Supervisor Bill Postmus will be in Needles on Wednesday to discuss his intention to increase his office's presence in the city. Postmus will attend a 3:30 to 4:30 p.m. gathering at the Palo Verde Community College District Small Business Economic Development Center. The Center is located at 107 "F" Street. It is open to the public and the community is encouraged to attend.

"The City of Needles is a richly diverse community with unique challenges," said Supervisor Postmus. "My office is committed to ensuring that the entire array of county resources are provided to the community of Needles, including the office of the Supervisor."

Office hours will be held once a month or by appointment at the Small Business Economic Development Center. Supervisor Postmus' Senior Field Representative, Bob Smith, will be assigned to the area and will be available beginning in January.

The First District Supervisor credited Needles City Manager Richard Rowe for helping develop a relationship between the Supervisor's office and the Palo Verde Community College District. "Palo Verde's willingness to provide access to facilities for my office will not only make it possible to provide more direct representation, it will also save tax dollars," Postmus said.

Following the announcement, Supervisor Postmus, who also chairs the First Five San Bernardino Commission (formerly known as the Children and Families Commission or Prop. 10 commission), will preside over the Grand Opening of the WesCare facility, a facility funded by Prop. 10 tobacco tax dollars that focuses on drug rehabilitation and parenting skills. The WesCare center is located at 800 W. Broadway, Suite D, in the City of Needles.
